

Citrasol 350

Citrasol 350 is a water emulsifiable, mildly alkaline, biodegradable solvent degreaser. It contains a blend of surfactants and nonpetroleum based solvents that quickly and effectively penetrate and remove heavy soil build-up.

Citrasol 350 removes heavy soil build-up of grease, oils, tar, inks, and particulate soils and is completely free rinsing. When used as directed, Citrasol 350 is safe for use on painted or unpainted ferrous and nonferrous metal surfaces. It is completely biodegradable and will not harm most painted surfaces.

Features & Benefits

Water emulsifiable alkaline biodegradable solvent degreaser	Effective in penetration and removal of heavy soil buildup
---	---

Operating Conditions

Manual operations	Dilute 1:3 – 1:20 with water and wipe or mop onto surface
Pressure spray	Dilute 1:20 – 1:40 with water
Immersion	Dilute 1:3 – 1:10 with water. Soak time will vary greatly with the degree and nature of soiling.

Caution

Combustible material. Flash point 127°F. Mildly alkaline liquid. Avoid prolonged contact with skin. Avoid contact with eyes.

For Industrial Use Only.
